

# Howreroll emote guide.

This is a simple guide to help moderators train other subscribers on how and when to spam emotes. Of course subs are free to use emotes as they see fit, but this is a guide to assist in their general use in the channel.

**hrrPants:** Spam this emote when we receive a new subscriber or re-subscriber (can be done mixed with hrrHype).

**hrrFight:** Spam this emote when combat starts or to show you want to insight a fight!

**hrrHype:** Spam this when we receive cheer and or donations.

**hrrShiggle:** Spam this when something funny happens, or Shaggit launches into a shiggle fit.

**hrrOne:** Spam this anytime someone rolls a 1 on a D20, or when someone just plain FAILS at something.

**hrrEvil:** Spam this anytime Gorebad is doing something evil, or appears to be scheming, or has that look on his face!

**hrrGasp:** Spam this when something surprising or shocking happens.

**hrrTwenty:** Spam this when a Natural 20 is rolled.

**hrrRolly:** Spam this emote (our mascot) in conjunction with any other emote, or just to see the little guy
